It is a strong, upright grower with large, bright green foliage, distinctly edged with a broad band of creamy-white and yellow. Flowers very large on stems 8 to 9 inches in length. Color bright orange-red, very effective with its beautifully variegated foliage. It is one of the most distinct and showy ornamental foliage plants that has come to our notice in years, and when better known will be used in large quantities in connection with Palms, Dracenas, Rubbers, etc., for decoration purposes. Fine plants, 50 cents per dozen; \$4 per hundred.

Abutilon, GOLDEN BELLS. Golden Fleece.

A bright, golden-yellow Abutilon, of strong, vigorous habit and very free flowering. New Achillea, THE PEARL.

Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decoration. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow white flowers nearly the whole Summer. Price, 40 cents per dozen; \$3 per hundred.

AGAPANTHUS UMBELLATUS.

(Blue Lily of the Nile.)

This is a splendid ornamental plant, bearing large clusters of bright blue flowers on long flower stalks and lasting a long time in bloom. There is no finer plant than this for outdoor decoration, planted in large pots or tubs on the lawn, terrace or piazza. It does well in the house or greenhouses in Winter, requiring but slight protection. Is a rapid grower, and increases in size and beauty every year; the chief point in its cultivation is to divide the plants before the pots or tubs become overcrowded with roots. With the most ordinary kind of care it is a plant that will last forever. Price, strong plants suitable for 5-inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred; nice mailing plants, 40 cents per dozen; \$3 per hundred.

Ampelopsis Veitchii—Boston Ivy.

AMPELOPSIS VEITCHII. (See cut.)

Sometimes Called "Boston Ivy" and "Japan Ivy."

No picture can portray the beauty of this grand climbing plant. It is adapted to all situations, and transforms the humblest cottage. It is entirely hardy in the most exposed places, attaining a height of twenty to thirty feet in two or three years, clinging to stones, brick or wood-work with the greatest tenacity. For covering dead trees, gate posts, boundary walls, verandas, etc., it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant. In the Summer the foliage is a rich shade of green, but in Fall it assumes the most gorgeous tints of scarlet, crimson and orange, so dazzling as to be seen at a great distance. Price, three-inch pots, 50 cents per dozen; \$4 per hundred.

New Begonia, SPECULATA.

(See cut.)

Quite a novelty in the *Rex* type; leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole leaf spotted with silver. In bloom it is magnificent, the panicles, composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of foliage. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Begonia, METALLICA.

(See cut.)

This elegant variety has very large glossy leaves shaded with green, crimson and olive, with a peculiar metallic lustre over all. Flowers large, dark pink in color. The cut gives a good idea of its habit, but no engraving or description can portray its beautiful appearance. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

A remarkably strong growing variety, of stiff, upright habit, foliage large and somewhat in style of Begonia Rubra, but more than twice as large; upper side deep green, under side purplish-red, flowers beautiful coral-red, in large pendant panicles. A truly magnificent sort—we believe the best of the recent introductions. Price, 10 cents each; 75 cents per dozen; \$5 per hundred.

Grand New Fuchsia, PHENOMENAL.

The largest flowered Fuchsia in cultivation. This new sort, from its strong growth and enormous flowers, created such a sensation last year that the demand far exceeded our supply of it. This year we have propagated a large stock and hope to fill all orders. The plant is a tall grower, branching like a tree; the leaves are dark, glossy-green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, a single flower measuring three and a half inches across; sepals bright, with rich violet-purple corolla, very double. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

The Fine Double White Fuchsia, ROSAINS PATRI.

A variety unsurpassed among all the Fuchsias with white corolla. In fact, nearly perfection as to free growing and habit; strong and bushy, beginning to bloom quite early in the Spring and continuing very late. Tube and sepals are brilliant; deep scarlet, thick and leathery in texture; corolla is very large, double and pure white. Price, 40 cents per dozen; \$3 per hundred.

Phenomenal.

New Fuchsia, TRAILING QUEEN.

This Fuchsia is an entirely new departure, differing from all other large flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The leaves on the young growth are exceedingly handsome, being of a deep sea-green color, ribbed and rayed on both sides. The flowers are borne in large, drooping clusters, and are very large, long and graceful; buds, tubes and sepals being bright, rosy-scarlet, while the corolla, when it first opens, is a deep, rich violet-purple. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

Florence Nightingale.

**BRUANT.**

The giant among Geraniums. We consider this the bedding Geranium of all varieties. The plant rebounds in vigor, foliage, and all the qualities that go to make the perfect bedder that it is. Fine also in pots. It is of the semi-double type (the most striking of all), only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. Price, 5c.; 50c. per doz.; \$3 per 100.

EMILE DE GIRARDIN.

No one who has not seen this lovely pink Geranium as it is grown in the beds and borders of the Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright; the flowers are perfect in form and borne well and clear above the foliage. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color of massing, when a delicate and artistic effect is desired. Price, 5 cents each; 50 cents per dozen; \$4 per hundred.

CALIFORNIA.

Golden-orange shade, of the most brilliant hue. The flowers are of the largest size, most perfectly shaped, in large trusses, opening freely at all seasons. The habit and growth is as free and robust as in any other variety. It is well marked in character and distinctness. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

FIRE BRAND.

Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect. Price, 5 cents each; 50 cents per dozen; \$3 per hundred.

THE NEWER **DOUBLE GERANIUMS.** AT PRICES QUOTED.

J. J. Harrison—Of all the new Geraniums introduced the last five years, this is the Premier variety. The enormous truss, the size and beauty of the individual flower, its glowing color, the sturdy habit and magnificent growth, make it rank first of all in bedding Geraniums. Mr. Bruant, the grower, has given us a great many good varieties, and this variety far excels them all. Its brilliant scarlet flowers make it a noticeable feature in any collection. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

President Victor Dubois—Enormous trusses formed of extra large, semi-double florets; color the most fashionable shade of rosy-magenta. This shade is entirely new in the Bruant section, and for those who like it, it is one of the finest. Price 6 cents each; 60 cents per dozen; \$4 per hundred.

Baronne de Scalibert—Dwarf and compact in growth, and so free in bloom that the large trusses cover the plant. Florets large, of bright, soft pink color, the centers marked white, petals veined red, a lovely color, and a grand addition to the Bruant type. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Colossus—Floret quite circular, semi-double; two-and-a-half inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy-crimson; Very free in bloom. One of the very largest and finest among the double reds. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Alphonse Ricard—A strong grower, dwarf and branching and producing flowers in great masses. Both floret and truss are of enormous size, single or slightly doubled, and color a brilliant shade of orange-red. M. Bruant recommends this in the highest terms as a bedder. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Diego Podda—A beautiful new variety with very large trusses of fine double flowers of a peculiar copper-orange shading to clear rosy-flesh at the edges of the petals that give it a peculiar charm; an extremely fine novelty and very distinct. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Theocrite—A distinct new Geranium of the large-flowered Bruant race, producing very large, semi-double flowers of the most beautiful and unique form, borne in immense trusses, the individual florets the largest of the semi-double varieties. Its colorings are simply without an equal, a soft, tender rose with violet shadings, entirely distinct from any other variety in coloring. Price, 5 cents each; 60 cents per dozen; \$3 per hundred.

Mme. A. Chevreliere—A queen among double whites; the floret is of the beautiful, irregular form found in the Bruant type, very large, snow-white and a good grower. Flowers well above the foliage, and of perfect habit. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Bed of Gold—Those who have tried such Geraniums as Gilded Gold, Progressive and Golden Dawn, will find this variety is far in advance of all other existing kinds of orange-scarlet. Beauty Poitevine—Very large, semi-double flowers, borne on immense trusses. Free bloomer, either as a pot plant or as a bedder. It has no equal of the color, which is a brilliant salmon, very clear at the borders. This might well have been called "Salmon Bruant," as it is identical in every way but color. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

PINK BEAUTY.

Is remarkable for its stout, robust growth, and for its immense trusses of bloom. The foliage is very large, and of a light green color, with a band of dark green encircling each leaf. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white. Price, 5c. each; 50c. per doz.; \$3 per 100.

THE NEW GOLDEN-ORANGE GERANIUM, DOUBLE GUINEA.

The Best New Single Geraniums

AT PRICES QUOTED

The Wonder—This new Geranium is, without doubt, the finest that has been offered. It came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, *Athelete*. It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that every one who saw it pronounced it wonderful. The artist has copied exactly in size an ordinary truss. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from eighteen to twenty inches in circumference, with single florets measuring seven inches in circumference. The foliage is fine and rich in color, and in strong contrast to the brilliant scarlet flowers. As a pot plant or a bedding Geranium, it has no equal. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Mrs. E. G. Hill—There never has been a salmon-colored Geranium to equal this, although it was introduced some four years ago, and it is rarely offered in wholesale lists, because it is picked up by the market growers. We have a nice lot growing, and think we will be able to meet the demand. For those unacquainted with the variety we would say it is a most distinct and pleasing shade of salmon, with light shading at the center. Trusses are large and composed of an immense number of florets. The finest salmon-flowered Geranium to date. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Madonna—A magnificent bedding variety; trusses are of extraordinary size, of almost pansy form; the color is a soft light pink, a beautiful and distinct shade. This variety has been universally admired by all who have seen it in flower. A variety that will probably never be equaled. Price, 6 cts. each; 50 cts. per dozen; \$4 per hundred.

Mrs. J. M. Gaar—Absolutely perfect as a bedding variety; never burns; is of dwarf, compact habit, and in freedom of bloom is superior to all whites, and equal to the best scarlet bedders. It is away ahead of all others, and fills a long-felt want in a white bedder. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Blanche Moulas—The color is a very light salmon, edged about the petals with pure white. This is the finest of the lighter Bruants, and a great improvement on any other of this shade. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Jeanne de Arc—Of the *Souv. de Mirande* type; very free flowering, even more so than *Mirande*. Color very distinct and attractive, being a bright orange-red, the two upper petals blotched and feathered pure white to more than half their length. M. Alfred Mame—Each floret is $2\frac{1}{2} \times 2$ inches, forming a wonderful flower of soft scarlet, petals shading to salmon in center, which is deeply veined crimson. As a market plant it outsells any other kind. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Granville—A new English variety that doubtless would supersede such varieties as *Master Christine*, *Queen Olga*, *Mrs. Lindsay*, etc. The flower is larger than any single pink variety heretofore known, of the same delightful shade as *Master Christine*, the flower well above the foliage on strong stems; fine, light green foliage, good, strong habit; makes an elegant pot variety and surpasses all pink varieties as a bedder. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**Strobilanthes Dyerianus.****STROBILANTHES DYERIANUS.**

This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring. It is of extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest *Coleus*, *Begonias* or *Bertolonias* in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in mid-winter, greatly enhance its value, beauty and usefulness. The undulation on the surface of the foliage is furnished with a bluish metallic-hue, shading into light rose with a light green margin. It will prove a valuable acquisition both as a bedding and decorative plant. See illustration. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Price, 50 cents per dozen; \$3 per hundred.

A hardy perennial plant growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color and as large as Cactus Dahlias. It grows vigorously and throws up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance without any of the stiffness in habit or blossoms peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, we unhesitatingly regard it as the most desirable introduction among hardy perennials of late years. It is the most effective flowering plant for August and September, now in cultivation. Russelia Juncea.

LIST OF NEW ROSES AND ROSES OF SPECIAL MERIT

AT PRICES QUOTED.

New Forcing Rose, BRIDESMAID.

A new Rose. A sport from that old standard, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut blooms are sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect; namely, "off color." This is more noticeable in dark, cloudy weather, but it is true of the Rose at all times. Now, this is why the Bridesmaid will supersede the Mermet. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. Strong, two-and-a-half inch pots, 6 cts. each; 50 cts. per dozen; \$3 per hundred.

New Rose, HENRY M. STANLEY.

This grand, new, ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber-rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 6 cts. each; 50 cents per dozen; \$4 per hundred.

HYBRID TEA ROSE,

VISCOUNTESS FOLKESTONE.

No Rose in our catalogue has grown in popularity during the past year like Folkestone. It is unsurpassed among light colored varieties. It is graceful to the last degree, with strong, healthy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Paeony, but without a suggestion of stiffness. We have measured flowers of this variety 6 to 8 inches in diameter. It is sweet scented. Don't fail to include the Folkestone in your order. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

NEW EVER-BLOOMING TEA ROSE,

MRS. D'GRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color, it is a rich, glossy pink. It is such a strong grower that it is almost impregnable against attacks of insects. For garden or cemetery plots it has no equal. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, J. B. VARRONE.

A fine grower, flowers very large and double, with high center, opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a very better growth and much freer in blooming qualities. A grand new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Forcing Rose, THE BRIDE.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Tea Rose, COMTESSE DE FRIGNEUSE.

In color charming, in freedom of bloom second to none. The buds are long and pointed, not unlike Niphetos in form, and good size. The color is a deep golden-yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal Niel. Price, 6c.; 50c. per doz.; \$4 per hundred.

New Tea Rose, MAMAN COCHET.

One of the best new Roses for 1897. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very durable, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink, the inner side of petals silvery-gray. This variety was illustrated and described in the "Journal des Roses" two years ago, and one thousand dollars was refused for the stock by the originator, Mons. Cochet. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Rose, CRIMSON RAMBLER.

This superb novelty is of the Polyantha class and was originally received from Japan. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flower measuring about one to one-and-a-half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the test in exposed situations of two very severe Winters in England. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. Price, 50 cents per dozen; \$4 per hundred.

THE BEAUTIFUL MEMORIAL ROSE,

ROSA WICHURIANA.

This hardy and lasting Rose creeps over the ground like Ivy. The leaves are glossy, dark green and handsomely notched. The flowers, which are borne very profusely during July, are large, pure white, single, with yellow center, and have a strong, wild rose fragrance. It is one of the very best plants for rock work, embankments, slopes, cemeteries, as well as for garden cultivation. Its wonderfully free, rampant habit frequently shows growth of ten to twelve feet in a season, spreading as it goes. Fine, strong plants, 50 cents per dozen; \$4 per hundred.

NEW FORCING ROSE,

KAISERIN AUGUSTA VICTORIA.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have

white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 8 cents each; 75 cents per dozen; \$5 per hundred.

Tea Rose, MD. DE WATTEVILLE.

This grand ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Climbing Rose, WALTHAM QUEEN.

This splendid, new, ever-blooming Climbing Rose is introduced from England, where it has given great satisfaction. It is a valuable acquisition, particularly for the South and Pacific Coast, and though not entirely hardy in the North, it will probably do well in many situations in the Middle States. It is a strong grower and continuous bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion with its beautiful, rich, red flowers of magnificent size. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest of the Tea section. It blooms freely and every flower is a gem. It equals Marechal Niel in size, on strong bushes. A deep chrome-yellow. A remarkable Rose, deserving extensive culture. Price, 50 cents per dozen; \$4 per hundred.

COPYRIGHTED 1894
BY B. MCGREGOR.

Maman Cochet.

The Meteor.

The New Crimson Forcing Rose, METEOR.

A velvety-red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable dark ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for forcing this Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

Madame Welch.

New Tea Rose, GEN. ROBERT E. LEE.

(Introducer's description.) This is the first Rose that we have introduced, and we are sure that it will please all who try it. It is in color an orange-yellow, after the color of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Hybrid Tea, TRIUMPH DE PERNET PERE.

The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

New Rose, THE RAINBOW.

This new Rose from California, which, no doubt, will be extensively planted, was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep coral-pink, striped and mottled in the most unique manner with intense crimson, and elegantly colored with rich, golden-amber, at center of base of petals. It makes beautiful buds and the flowers are extra large, very sweet and of great depth and substance. Price, 50 cents per dozen; \$3 per hundred.

RED MALMAISON.

(Souvenir de la Malmaison a Fleurs Rouges.) This beautiful Rose is identical with Souvenir de la Malmaison except in color, which is a clear, deep, rich scarlet. A grand and handsome Rose in every respect. Price, 65 cents per dozen; \$5 per hundred.

New Tea Rose,**THE QUEEN.**

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds, is quite full, showing the center but slightly when fully open. Petals are thick and of good substance. Price, 6 cents each; 50c per doz.; \$4 per hundred.

The Queen.

The Great Forcing Rose, CATHERINE MERMET.

A beautiful, clear rich color, with the same silvery lustre seen in La France. Large, well formed. Very beautiful in the bud. One of the most popular Roses for cut flowers. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Superb Yellow Rose, MARECHAL NIEL.

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are a most massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. Price, fine plants, 50 cents per dozen; \$4 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We call it a clear coral-pink, a most novel and distinct shade of color very difficult to describe. The French call it a China pink. It is certainly a very beautiful color, and full and exquisitely Tea scented. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, CAPTAIN LEFORT.

Color of flower rosy-purple, reverse of petals China rose. This variety is a cross between Socrates and Catherine Mermet. Long buds on stiff stems. A variety of great merit. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

MADAME WELCHE.

An extra fine variety, very large, double, and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short, inner petals of glowing orange and copper. Not to be forgotten if once seen. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$3 per hundred.

Tea Rose, PERLE DES JARDINS.

Without doubt the finest Rose in cultivation. Canary or golden-yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

GUSTAVE NADAUD.

(Supert & Notting.) A free-branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup-shape. Color, vermilion, with clear touches of carmine-lake, and soft, pink center. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

COUNTESS ANNA THUN.

Flowers freely produced on short, stiff stems, showing the characteristics of a good bedder. It is of immense size, and of the most perfect form imaginable. Color, a beautiful citron-yellow, with coppery and peach center, shading to a salmon and silvery-pink, the color blending nicely. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Tea Rose, SNOWFLAKE.

It is a lovely new white Tea; the freest flowering Rose we have ever seen. The Rose was introduced by C. Straus & Co., of Washington, D. C., and by them grown in large quantities for cut flowers; they claim it the most profitable white Rose they grow; that they had counted 153 buds and flowers on one plant in a single day, and the plant less than a year old. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Tea Rose, LETTIE COLES.

One of the loveliest Roses grown, without exception. It is very double and cupped, forming a magnificent, full, open Rose of soft, creamy-white, with a very bright, rosy-carmine center. A splendid grower and universal favorite. Price, 50 cents per dozen \$4 per hundred.

MARIE LAMBERT.

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. It is the finest blooming white Rose we offer. Price, 6 cents each; 50 cents per doz.: \$3 per 100.

Tea Rose, SUNSET.

It is a "sport" from that grand variety, Perle des Jardins, which it strongly resembles; perfumed. The color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful, and resembling in color a splendid "after-glow." Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

Tea Rose, : : : COUNTESS EVA STARHEMBURG.
